Incredible opportunity to own the house that inspired decades of incredible art. Look out the same windows where Alma was inspired to create some of the most famous and celebrated art of the 20th century. The Alma Thomas House has a rich history that is woven within and outside the home - maintaining period details, while showcasing high end renovations up to today's luxury standards. A beautiful front circular flagstone patio draws you into the home, and welcomes opportunities to interact with the vibrant neighborhood. The open floor plan features hardwood floors leading from the living room into the dining area and gourmet kitchen beyond. The kitchen offers silestone counters and Viking gas stove. There are Pella windows, and designer finishes throughout. Upstairs, the primary bedroom offers an en suite bathroom with soaking tub and separate shower.
